**Subject:** RE: Oshkosh, WI FOIA - Urgent

I've been out of the office all week (moving my family to a new house). What you propose is good. Thanks.

DB

**David:**

I have called you repeatedly. **I need to hear back from you on this on issue please.**

I have all the files collected and organized in electronic file directories by subject. I am creating both a hard copy Table of Contents page which will also be included in the electronic file format.

Please confirm ASAP that providing you a hard copy TOC which matches up with the electronic file directories, and a disk or flash drive with all the related electronic files will suit your needs.

I have to have this wrapped up by Monday.

Please get back to me ASAP! (preferably in response to this email).

Thanks  
John Wiemhoff

Subject: FW: Oshkosh, WI FOIA

**David:**

The enforcement case was related to sanitary sewer overflows (SSOs) and not related in any way to the phosphorus issue described in the Citizen's document pages you referenced.

Do you want SSO enforcement documentation, or should that be taken off the list of documents you need?

Thanks again,  
John Wiemhoff

**Subject:** Oshkosh, WI FOIA

John –

Following up on this FOIA request (EPA-R5-2016-003163) concerning documents related to Oshkosh's NPDES permit, does the requester want correspondence related to the enforcement of Oshkosh's NPDES permit. These enforcement documents include documentation of sanitary sewer overflows (SSOs) that occurred in Oshkosh and follow-up enforcement correspondence. If the requestor does want this information, the fee limit of \$150.00 may be exceeded due to the volume of documentation that may be responsive.

Please advise.

Thanks,

Keith Middleton, PE
